Dear Friends:

The Board of Directors, the Management Team and the entire local and international volunteers of Children Better Way write to express a profound gratitude and deepest appreciation for the donation of 13 boxes, containing educational materials, toys and clothing of all children sizes, to Children Better Way for the use of the children that we serve and those within the Buduburam Refugee Community.

In behalf of the children, we want to assure you that the donation will be used for its intended purpose and will equally have a far-reaching effect in the lives of the suffering children at the Buduburam Refugee Camp.

Again, thanks ever so much for your support.

Sincerely yours,

Semeh Roberts
